

Prof. Luca De Vito

Luca De Vito (M'10 – SM'12, devito@unisannio.it) is Associate Professor of electronic measurement at the University of Sannio, Italy. In Aug. 2018 he received the National Academic Qualification as Full Professor. He is a member of the IEEE TC-10 of the IMS and Chair of the TC-10 working group on Digital to Analog Converters, focusing on the 2023 revision of the IEEE Std. 1658. He is Member-At-Large of the IMS AdCom for the term 2022-2025 and member of the IMEKO Technical Committee 4 (TC-4). His research focuses on measurements for telecommunications, data converter testing and biomedical instrumentation.
